Notice concerning Revision of the Dividend Forecast for the Fiscal Year ending March 31, 2010

NEC Mobiling (the Company) resolved at a meeting of the Board of Directors held on October 29, 2009 to revise its dividend forecast for the fiscal year ending March 31, 2010 as follows.

1. Reason for revision

The Company's policy with respect to dividends is to maintain stable payouts, while considering a payout ratio of around 30%. This reflects its commitment not only to ensuring ample retained earnings to strengthen its base of operations and expand its business, but also to according respect and importance to shareholders as a major management priority.

In accordance with the policy and considering the income increase in the latest annual financial forecast for fiscal year ending March 31, 2010, the Company revised the annual dividend forecast from 70 yen (35 yen for second quarter and 35 yen for year-end) per share to 75 yen, 5 yen increase of year-end dividend to 40 yen and this will be 15 yen increase from the actual annual divided payment for last fiscal year.
